

# Texas BRAZOS TRAIL REGION Economic Impact

The 18-county Texas Brazos Trail Region features rich heritage, rich culture, and unforgettable history, including two Texas Historical Commission state historic sites.

Travel and tourism are vital to the Texas economy, and the Brazos Trail Region is no exception. In 2025, direct travel spending in the Brazos Trail Region accounted for roughly \$4.0 billion of the overall \$98.7 billion spent by visitors to the state.

Visiting historic sites, communities, and museums is a significant component of the state's and region's travel industry. A 2015 study by The University of Texas at Austin and Rutgers University determined that more than 10.5 percent of all travel in Texas is heritage-related.

In 2025, the Texas travel industry continued to stabilize following the steep decline during 2020. Travel spending increased an estimated 1.2% compared to the prior year, and all economic indicators now exceed the pre-pandemic level.
